A journey is begun . . . a journey into truth, reality and knowledge. Coming prepared to travel, we have brought along scattered bits of hope, faith, enthusiasm. With our hands we will work; with our eyes and ears we will see and learn. Our scattered bits will become more concrete. For most, hopes will become reality and faith will be strengthened. Enthusiasm will dwindle and then surge upward again. Each traveler will find his own meaning; each experience his own reactions; each develop his own ways of expression.

*... We will learn to cherish small moments—
a warm smile in a frame of beauty.*

*We pass many places that offer meaning
and inspiration to us. We pause, and our faces
tell the story.*

*Time and the world race on as the quiet
inter-search for knowledge continues, and an
infinite need is met. . . .*

Our trail is an easy one to follow, for it is marked by our day to day lives. We have the intimate experience of sharing our progress and thoughts with others. Success and voiceless failure, happiness and hushed heartbreak is known. We reveal ourselves in many ways; conversation, facial expressions, a slow step, laughter. Our journey is long and we will know many moments.

One of the joys of our journey is being able to pause. Social values and experiences are endless. We express ourselves in a screaming crowd at a sports event, and we reveal ourselves quietly. Alone, and with those we choose to call "friend," we lay our issues on the line and reaffirm our beliefs. Through each new experience, each new associate, each new activity, the student travels further down the highways of progress.

In mind and in spirit we offer ourselves to this process called growth. As we are sensitive to our educational needs, so we are sensitive to others. In determining the proper balances we learn to discipline ourselves and grow to distinguish that which is relevant.

The familiar college campus becomes a deep-rooted part of every student. Hundreds pass this way each day. The sun-streaked shadows across the walkways echo a million stories, keep a million secrets.

Every part of our campus expresses to at least one student a special lesson in life. The chapel, the garden, a sorority or fraternity house may become of personal significance to a person. An individual may discover the art of being a friend, the joy of having a friend. A classroom may give new feelings of understanding. To many, the moments of an overwhelming religious warmth are remembered.

*Here, the seeds of truth are planted,
the buds of knowledge are nourished.
We reach out and find that we are met
halfway. We affirm our convictions
more deeply than ever before because
of our ability to express more clearly
what we feel and see. Our standards,
our ideals, our beliefs in God are tested,
but as we learn to distinguish the beau-
tiful, the sincere, the lasting, these are
strengthened.*

*For some the journey is completed
and for others it will continue. Each
student will leave a part of himself, a
shadow of his personality. But much
more than we leave have we gained.
Friendship is our lantern and knowl-
edge our security. Their sum is success.
The roads they open chart our course
for action and reveal the rewards of life.

Students come from North and South,
East and West, far and near, seeking what
all college-minded people do; fun, excitement,
companionship, and, oh yes,
education.

Orientation Week means registration and that seemingly never-ending line. From the moment the student is handed that familiar envelope of IBM cards until he receives his new schedule, he becomes engulfed by the realization that another semester at FSC is about to begin.

The first week back at school presents itself differently to every student. It means buying books before classes start, talking casually with the faculty and administration, and perhaps even meeting that "special someone" for the first time.

ORIENTATION

Is it REALLY worth all this waiting just to buy books?

That only took 2 hours, 28 minutes, and 53 seconds.

Students and faculty get acquainted during orientation.

Don't forget to check the bulletin boards.

For the freshmen, Orientation Week is a time of new experience, discoveries and just getting "used" to campus living. Trips to the bakery, reading letters from home, and making new friends, are all a part of their new college life.

That first letter from home really means a lot.

the AOPi's sang their way to a first place in this event.

And you get a beautiful mess.

Well, THAT'S pretty nice!

It's a day of careless exuberance, hilarious contests, and sorority women dressed in outfits of various descriptions. Regardless of the costumes, whether they be old feed bags or cut-off blue jeans, the girls outdo themselves in vying for the coveted first place trophy.

All eyes are on the field.

The highlights of the 1963 Olympics included the egg batting event, the "strip" contest, and, of course, the hootenany. Originality in planning and participation were the keynotes in winning these events.

Friendliness and warmth are two of the characteristics that greatly contribute to the atmosphere of a college campus. Left, F.S.C.'s sororities express their various personalities by presenting humorous skits to the independent women. Below is a glimpse of ROTC members both on the field and at their leisure.

LEISURE

There, that looks much more gallant.

Just act natural, M'am.

Ya wanna trade?

A military man has to relax sometimes too, you know!

With classes over for the day or week, faculty as well as students relax by doing what they enjoy most. Some choose to watch a good soccer game while others prefer to just close their eyes for a quiet afternoon of daydreaming.

Books are left behind for fun and leisure.

Perhaps you just like to stretch out and relax.

The faculty must relax too.

A new coiffure is one good way to get your mind off those studies.

How can one study in this Florida atmosphere?

LEISURE CONTINUED

There's no relaxation for the photographer.

Ah come on, it's not THAT cold.

There's even front porch gossip at FSC.

Watch it . . .

Grow!!!

A little lower and to the left will do it.

LEISURE CONTINUED

A well-rounded education cannot be attained solely in the classroom. The student gains knowledge of life through association with his fellow man. Social interaction, whether it be in a crowd at a basketball game or at a table in the cafeteria, is ever-present at Southern.

There's a WHAT hanging from the Chapel!

We said relax, not fall apart.

Leisure can be surprise . . .

Rooting your turtle on to victory . . .

Deep interest . . .

Leading a cheer . . .

Eating a delicious cafeteria lunch . . .

Or a good laugh!

LEISURE CONTINUED

Leisure is running to class?

There's nothing like a good pipe.

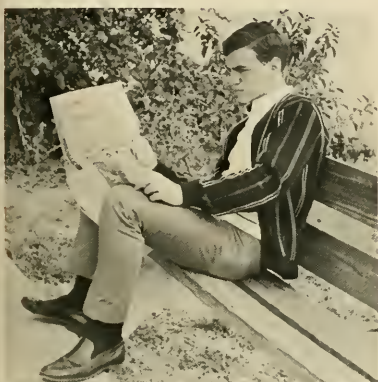

Leisure time at Southern is not simply the time when studies are over and cares are forgotten for awhile. To many it's the time when one finds he can do something he enjoys. For a professor it is smoking his favorite pipe and an interesting conversation with his colleagues; for an artist it may be admiring an object he alone has created.

I just can't stand the sight of blood.

He even brought his football, but they still wouldn't let him play.

Some find time to catch up on world affairs.

"Amateur photographer."

Leisure is the time when you can step back and look at your own finished product.

LEISURE CONTINUED

Time passes quickly at Southern and before one realizes it vacation time is approaching. Those hours whiled away in the CT or on the phone seem far in the past as students stand in line at the Christmas banquet or decorate that short-lived dorm Christmas tree.

Is this a biscuit or a rock?

Did you read the last government report on smoking?

I want ten cup cakes, four chocolate eclairs, a dozen sugar . . .

Those dorm phones never quit ringing.

"Loading up" at the Christmas banquet.

That's not a Christmas tree. It's a forest!

Iron bars do not a prison make!

As all freshmen and transfers can verify, chapel period plays a very important role in the education of the well-rounded individual. The Annie Pfeiffer Chapel, until the opening of the Branscomb Memorial Auditorium, served as both a house of worship and a stage for entertainment.

Only ten more minutes 'til lunch.

Well, feature that!

There's always a full house for chapel!

The most important aspect of every college student's life is his pursuit of academic values. Throughout his college career the student examines, studies, and creates in his search for knowledge.

I really should have read that chapter last night.

ACADEMICS

SPORTS

Athletic activity, as well as academic concentration, is necessary for the development of the individual. At FSC faculty and students; men and women; participate in their favorite sports, through intramural and varsity activities as well as organized tournaments in the community.

SPORTS CONTINUED

Few college campuses in this nation are graced with the qualities found at Southern. In addition to the Frank Lloyd Wright architecture, students find easy access to Florida's sun, sand and water. Whether it's sunning on the banks of Lake Hollingsworth or feeding the ducks at Lake Morton, all agree that Florida is a land of "fun in the sun."

What's the cry? SPIRIT! And spirit there is at the 1963 Sigma Chi Derby. A week of all-out spirit campaigning topped off by an evening of derby painting and an afternoon of cries and surprises comprises a "Derby" that is long to be remembered.

Anyone for a root beer,

The girls were there in full-spirited support.

The derby judges had a difficult time choosing a queen from these contestants.

I'm sorry, young lady, but that dress is entirely too short!
Come on now, don't be shy!

The events are new as are many of the participants, but the spirit of the day is the same as in the past; filled with keen competition and Greek oneness! The Sigma Chi's steal the show when they enter the beauty contest in pink tights, sheer negligees, pushing baby carriages and hobbling in women's shoes.

With the trials and tribulations of the semester behind us and a long holiday vacation ahead, many find themselves dancing dreamily to the music of Count Basie and his band. And for those who are graduating, what more perfect way could one find to bring a college education to its end. Yes, for some the Christmas dance marks the completion of college, but not of education, for the search for knowledge is never-ending.

1964 Beauty Judges

Mr. Perry Como

Perry Como, well-known entertainer, had the difficult task of selecting Miss Interlachen and her runners-up from photographs of eight finalists.

It is with sincere appreciation to Mr. Como and the other judges that the Interlachen announces Miss Interlachen of 1964 and the members of her court.

Miss Barbara Sellers
Editor, The Interlachen
Florida Southern College
Lakeland, Florida

Dear Miss Sellers:

It has been my pleasure to act as judge of your Miss Interlachen contest.

If it had been up to me, I would like to have made each charming lady a winner.

However, as that is not possible, I have made my selections and have chosen Candidate H as the winner, Candidate E as first runner-up, and Candidate B as second runner-up.

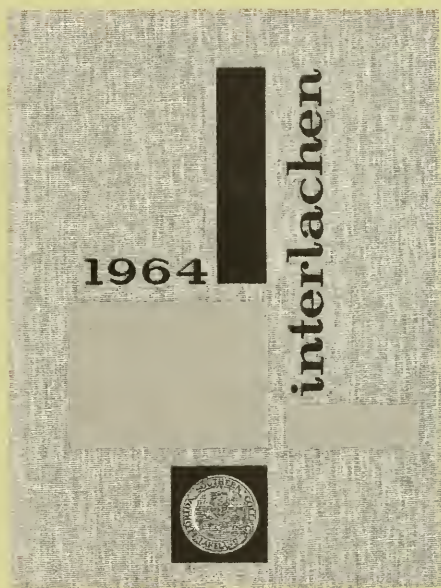

Best wishes to all.

Sincerely,

Perry Como

Subsidiaries are MSGA, WSGA, and the Supreme Court. The Senate meets twice monthly, and sponsors the Freshman Orientation program, the campus TB campaign, the Christmas dance, and all campus elections. Soccer Team

Florida Southern's Soccer Mocs finished a fine season in the Florida Intercollegiate Conference with a record of five wins and three losses, two of which were to the perennial champions, Miami. Coach Jim Bush and Assistant Coach Bill Daniels drilled the team hard and long in pre-season practice which proved beneficial throughout the season. Hit hard by the loss of last year's most valuable player, Steve Jacobs, and the late season injury to senior Dave Kelsey, the Mocs received outstanding performances from the entire team. The tremendous crop of talented freshmen played an important role on the team and we can look forward to another great season next year.

Florida Southern's Terry Darby heads the ball accurately as Bill Chason and Jim Yeatts prepare to move it downfield.

All eyes are in the air as the score makes the crucial difference.

Mixed emotions are shown in the pre-game huddle.

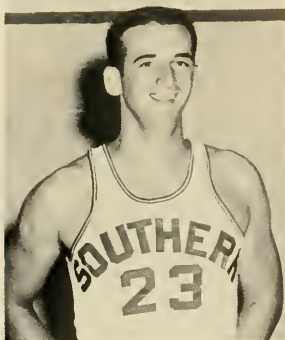

Florida Southern's Soccer Mocs received outstanding performances from graduating seniors Frank Eisenschenk, Dave Kelsey and Fred Archer. Along with returning lettermen Jim Yeatts, Doug Regan, Ernie Goodrich, Bill Fletcher, John Bennett, and Dave Little, newcomers Wally Wells, Ken Johnson, Bob McOsker, Terry Darby, Elliott Goodman, Bruce Kelsey, Bill Chason and Ron Sabatini gave the Moc booters a fine season and hopes for an even better one next year.

Varsity Basketball

1963-1964

Student hopes for a fine basketball team were realized early in the season this year as the Mocs ran up eight straight victories on their home court before beginning a Northern trip which included games with perennially strong Niagara, Colgate, and Cornell, as well as Hobart and the University of Toronto. These early season victories gave the Moccasins national ranking in the small college poll of sportscasters as well as a fine team spirit which was displayed throughout the entire season. New records were set by Tim Eisnaugle and Bobby Bowman; Tim for the most rebounds in a single season and for the all-time individual scoring record at FSC, Bobby for the most points scored in a single game. Seniors Tom Dawson and Dave Shinkman gave outstanding performances in each game as did John Wells, Joel Ledlow, and newcomer Mike Huber.

Head Basketball Coach Tom Greene.

The whistle blows, the ball is up, and action begins for our Basketball Mocs.

Tim Eisnaugle hooks for two against Stetson.

Sometimes it gets a little crowded under the basket.

Mike Huber and Tom Dawson defend against a Stetson press.

Good rebounding by Stetson helped them to an overtime victory against Southern.

Ellis Shaw gets off a shot despite some fancy footwork by a Huntingdon player.

Dave Shinkman battles for a rebound in a close game.

Everyone is conscious of the time element.

The cheerleaders' spirit is contagious.

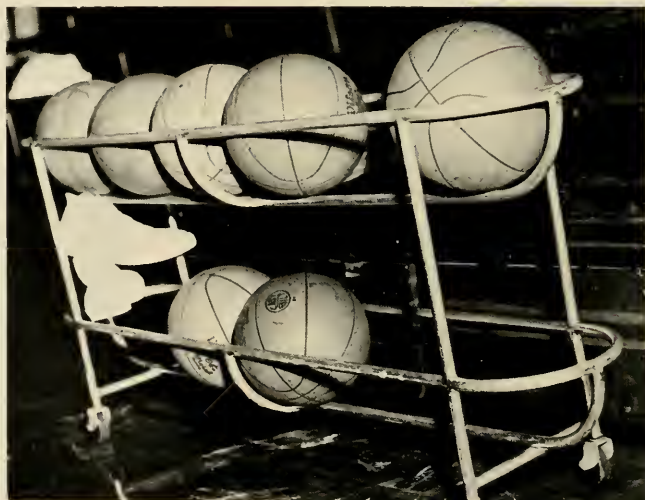

Tim Eisnaugle makes another rebound on his way to setting a new record.

Tom Dawson lays up two points from beneath the basket.

The loss of Joel Ledlow, seen here against Huntingdon, was a severe blow.

After the game, silence reigns supreme as the rack and balls wait alone.

Women's intramurals are becoming a spectator sport this season as most any afternoon you will see a crowd gathered on the softball diamond or the basketball court to view the furious action. A good number of interested observers are male which leads us to believe it's just as much fun to watch as it is to participate. The teams competing in each sport are witnesses to the fact that good athletes may also be attractive.

Administration

CHARLES TINSLEY THRIFT, JR.
PRESIDENT

Florida Southern's meteoric rise to stature as one of the South's finer academic institutions is to the credit of the effort and labor of President Charles T. Thrift, Jr. He has travelled the equivalent of five times around the world in the last seven years, searching out strong faculty members, scholars for students, and dollars to continue the college's growth.

DEDICATION

POET, TEACHER, HISTORIAN

In tribute to his devotion to our College and for his unflagging dedication to the patient improvement of young minds in the appreciation of the aesthetic, THE INTERLACHEN staff has dedicated this 1964 yearbook to Mr. George Hornell Morris, poet, teacher, and historian. May his efforts to light bright beacons for our future always be remembered and appreciated.

GEORGE HORNELL MORRIS

A thoughtful pause.

Yes, as a matter of fact I DO have 70 matching tie clasps!

Are you kidding me??
